06 SPARK

- 06 Top Projects**
You're a clever bunch, you lot
- 16 Objet 3d'art**
Additive automotive manufacturing
- 20 Meet the Maker: Michael Dales**
Meet the Leo Fender of the makerspace
- 24 Columns**
Shoot down some pesky UFOs
- 26 Letters**
Repair your stuff, repair the Earth. Simple
- 28 Kickstarting**
Control paper aeroplanes from a smartphone
- 30 Rockets**
Powered flight at the International Rocket Week
- 32 Space of the month**
Radiona: a hub of learning in beautiful Zagreb
- 36 Forged in foam**
Inspiring builds from a master of cosplay

41 LENS

- 42 Halloween**
Darkness falls across the land; the making hour is close at hand
- 58 How I Made: Rackety Raccoon**
Incorporate a dead animal into a synthesizer
- 64 Volcanology**
Affordable science with the team from Sheffield University
- 72 Improviser's toolbox Socks**
Warm, comforting makes for cold toes

Tutorial

School of making: Learn to braze

90 Stick things together with fire and hot metal

How I made

Rackety Raccoon

58 Summon spooky sounds with a dead trash panda

77 FORGE

- 78 SoM If This Then That**
Link smart devices through the Internet of Things
- 82 SoM 3D printers**
Explore the anatomy of this makerspace workhorse
- 84 Tutorial PCB art**
Link Inkscape to KiCad to create electronic art
- 90 Tutorial Learn to braze**
Stick things together with rods of molten metal
- 96 Tutorial NFC nails**
Prepare your cuticles for electronic augmentation
- 100 Tutorial Servos**
Turn a cheap server into a continuous motor
- 102 Tutorial Cosplay wings**
Combine your skills to make a slick wearable project
- 108 Tutorial Serial**
Transfer data over this ancient protocol

111 FIELD TEST

- 112 Direct from Shenzhen ESP32-CAM**
A tiny WiFi-enabled camera module for £6.66
- 116 Best of Breed**
Power solutions for Raspberry Pi
- 122 Can I Hack It?**
Hot Wires – a tactile (and hackable) electronics kit for kids
- 124 Review Teensy 4.0**
Fast, small, cheap – pick two. No, pick all of them!
- 126 Review Adafruit MONSTER M4SK**
An oracular spectacular for Halloween
- 128 Review Programino**
A more user-friendly way to program Arduino code
- 129 Book Review Power Carving Manual**
Create high art with your rotary tool
