

Contents

06 SPARK

- 06 **Top Projects**
Wonderful builds to amaze and delight
- 16 **Objet 3d'art**
The world's biggest metal 3D printer
- 18 **Letters**
There's a lot of love for the Prusacaster

72

21 LENS

- 22 **Automata**
Mechanical engineering for 3D printing
- 34 **How I Made: Cat tracker**
Cats cannot be controlled, but they can be monitored
- 40 **Interview: Fran Scott**
On TV, perfectionism, and why messy is good
- 48 **In the workshop**
Monitor the creatures of the night

34

Tutorial Electric scooter

80 Add a Raspberry Pi Pico and a motor to your humble wheels

94

Interview Fran Scott

40 Blowing things up for a living never looked like so much fun

Cover Feature

AUTOMATA

Build beautiful mechanisms and bring your 3D prints to life

22

Tutorial Paper aeroplanes

66 By far the cheapest way of learning to fly

06

53 FORGE

- 54 **SoM KiCad**
PCB design the open-source way
- 60 **Tutorial Surface-mount soldering**
Stick another circuit board in the oven
- 66 **Tutorial Paper aeroplanes**
Learn the complexities of flight with a sheet of paper
- 72 **Tutorial Nylon**
Printing with low-friction filament
- 78 **Tutorial Hardware hacking**
Resurrecting an Amstrad Z80
- 80 **Tutorial Scooter**
Electrify your ride with a Raspberry Pi Pico

85 FIELD TEST

- 86 **Best of Breed**
What can you actually get hold of these days?
- 92 **Review Karakuri: How to make...**
... Mechanical Models That Move
- 94 **Review Arduino Giga**
More connectors than you could possibly imagine
- 96 **Crowdfunding Pocket Reform**
An open laptop we can get on board with

Some of the tools and techniques shown in HackSpace Magazine are dangerous unless used with skill, experience and appropriate personal protection equipment. While we attempt to guide the reader, ultimately you are responsible for your own safety and understanding the limits of yourself and your equipment. HackSpace Magazine is intended for an adult audience and some projects may be dangerous for children. Raspberry Pi Ltd does not accept responsibility for any injuries, damage to equipment, or costs incurred from projects, tutorials or suggestions in HackSpace Magazine. Laws and regulations covering many of the topics in HackSpace Magazine are different between countries, and are always subject to change. You are responsible for understanding the requirements in your jurisdiction and ensuring that you comply with them. Some manufacturers place limits on the use of their hardware which some projects or suggestions in HackSpace Magazine may go beyond. It is your responsibility to understand the manufacturer's limits. HackSpace magazine is published monthly by Raspberry Pi Ltd, Maurice Wilkes Building, St. John's Innovation Park, Cowley Road, Cambridge, CB4 0DS, United Kingdom. Publishers Service Associates, 2406 Reach Road, Williamsport, PA, 17701, is the mailing agent for copies distributed in the US and Canada. Application to mail at Periodicals prices is pending at Williamsport, PA. Postmaster please send address changes to HackSpace magazine c/o Publishers Service Associates, 2406 Reach Road, Williamsport, PA, 17701.
