

Contents

06

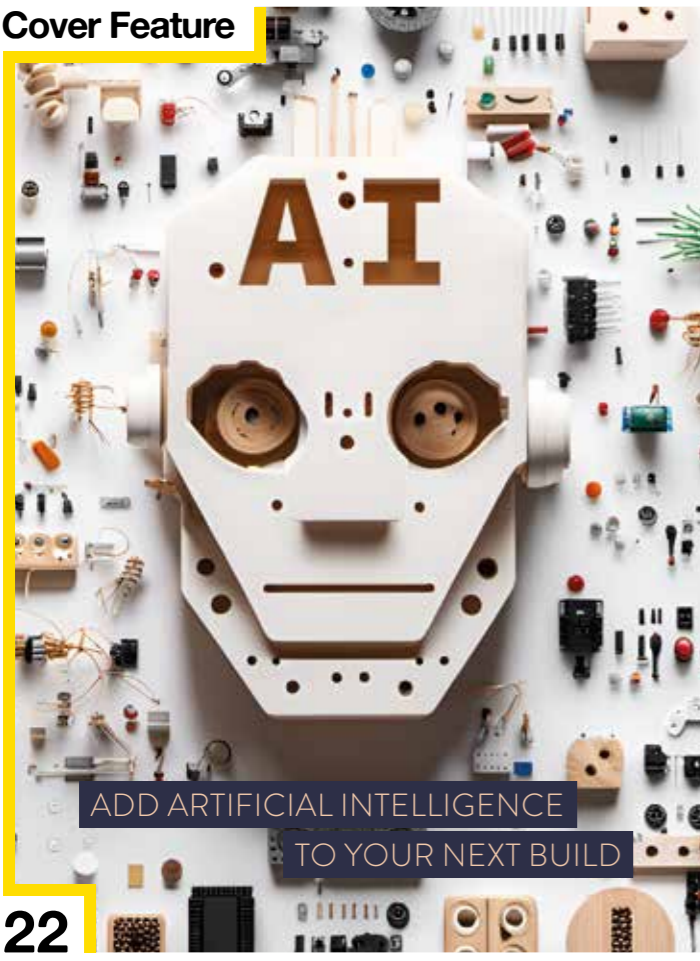

06 SPARK

- 06 **Top Projects**
Satisfyingly creative creations
- 16 **Objet 3d'art**
Printing a porous Benchy
- 18 **Letters**
The glorious YouTube wormhole that is Uri Tuchman

21 LENS

- 22 **Artificial intelligence**
It's not just a buzzword – we promise!
- 32 **How I Made: M.U.S.E.**
The Most Unusual Sentence Extractor
- 40 **Interview: Joel Gomes**
Why Nikola Tesla would love 3D printing
- 48 **In the workshop: Tombola**
Geometry, wood scraps, and recycled PLA

Cover Feature

ADD ARTIFICIAL INTELLIGENCE TO YOUR NEXT BUILD

22

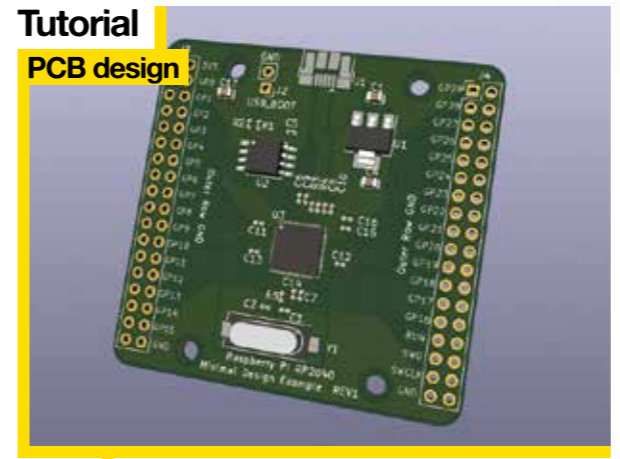

Tutorial Laser cutting

66 Get artificial intelligence to design [mostly] laser-cuttable creations

32

78

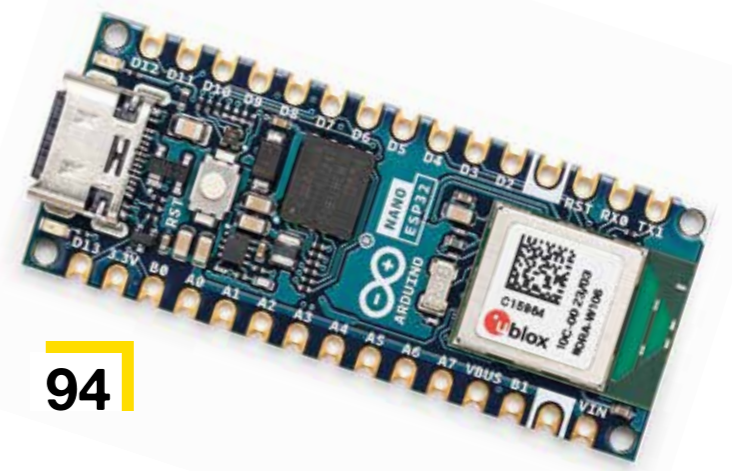

Tutorial PCB design

52 Design and manufacture your own RP2040-based PCB

51 FORGE

- 52 **SoM KiCad**
The day has come: build a finished product!
- 58 **Tutorial Controlling NeoPixels**
Change an LED's colour using potentiometers
- 64 **Tutorial Arduino Uno**
Create a blinking eye of Sauron in LEDs
- 66 **Tutorial Laser cutting**
Design patterns for your laser cutter the lazy way
- 68 **Tutorial Water kefir**
Prepare refreshing drinks for when summer arrives
- 72 **Tutorial Raspberry Pi Pico flash-gun**
Build an internet-connected photograph enhancer
- 78 **Tutorial Heat press**
Print onto almost any surface

94

Interview

Joel Gomes

40 This man loves to combine fuel and oxygen to produce thrust

83 FIELD TEST

- 84 **Best of Breed**
Kits for kids: because that expensive hobby isn't going to start itself
- 92 **Review Pipistrelle**
A home-brew bat detector
- 94 **Review Arduino Nano ESP32-S3**
Take your hardware into the cloud
- 96 **Crowdfunding µMoth**
Capture audio from the natural world

Some of the tools and techniques shown in HackSpace Magazine are dangerous unless used with skill, experience and appropriate personal protection equipment. While we attempt to guide the reader, ultimately you are responsible for your own safety and understanding the limits of yourself and your equipment. HackSpace Magazine is intended for an adult audience and some projects may be dangerous for children. Raspberry Pi Ltd does not accept responsibility for any injuries, damage to equipment, or costs incurred from projects, tutorials or suggestions in HackSpace Magazine. Laws and regulations covering many of the topics in HackSpace Magazine are different between countries, and are always subject to change. You are responsible for understanding the requirements in your jurisdiction and ensuring that you comply with them. Some manufacturers place limits on the use of their hardware which some projects or suggestions in HackSpace Magazine may go beyond. It is your responsibility to understand the manufacturer's limits. HackSpace magazine is published monthly by Raspberry Pi Ltd, Maurice Wilkes Building, St. John's Innovation Park, Cowley Road, Cambridge, CB4 0DS, United Kingdom. Publishers Service Associates, 2406 Reach Road, Williamsport, PA, 17701, is the mailing agent for copies distributed in the US and Canada. Application to mail at Periodicals prices is pending at Williamsport, PA. Postmaster please send address changes to HackSpace magazine c/o Publishers Service Associates, 2406 Reach Road, Williamsport, PA, 17701.
