06

## 06 SPARK

- 06 **Top Projects**  
A robotic bartender. Cheers!
- 18 **Objet 3d'art**  
Plastic transistors – it'll never catch on
- 20 **Letters**  
In praise of the curvy, fuzzy CRT monitor

## 23 LENS

- 24 **Raspberry Pi Robotics**  
Put the new computer to use
- 36 **How I Made: Jukephone**  
Pick up the phone, listen to music
- 44 **Interview: Matt Venn**  
Designing your own chip: how hard can it be?

### Cover Feature

# Raspberry Pi 5 ROBOTICS

24

### Tutorial

#### Rotary phone

70 Build a home assistant with Neolithic technology – the humble rotary phone

36

78

### Interview

Matt Venn

44 Home-designed computer chips: the next frontier in open-source hardware

## 53 FORGE

- 54 **SoM Modular Pico**  
Build a modular synth with Raspberry Pi Pico
- 60 **Tutorial Robot bartender**  
Pour drinks like it's the year 3000
- 66 **Tutorial Eco resin**  
Make shiny things without all those nasty chemicals
- 70 **Tutorial Rotary phone**  
Turn obsolete hardware into a home assistant
- 78 **Tutorial KiCad**  
Use the mechanical properties of PCBs

86

### Crowdfunding

#### Open UpCell

96 Battery power without the hazards of lithium

## 85 FIELD TEST

- 86 **Best of Breed**  
Recreate the fun of the video games arcade
- 92 **Review Adafruit Metro M7 with AirLift**  
A vulgar display of project-building power
- 94 **Review Pimoroni PicoVision**  
Get smooth HD visuals out of your Pico
- 96 **Crowdfunding Open UpCell**  
Make battery-powered projects a whole lot easier

Some of the tools and techniques shown in HackSpace Magazine are dangerous unless used with skill, experience and appropriate personal protection equipment. While we attempt to guide the reader, ultimately you are responsible for your own safety and understanding the limits of yourself and your equipment. HackSpace Magazine is intended for an adult audience and some projects may be dangerous for children. Raspberry Pi Ltd does not accept responsibility for any injuries, damage to equipment, or costs incurred from projects, tutorials or suggestions in HackSpace Magazine. Laws and regulations covering many of the topics in HackSpace Magazine are different between countries, and are always subject to change. You are responsible for understanding the requirements in your jurisdiction and ensuring that you comply with them. Some manufacturers place limits on the use of their hardware which some projects or suggestions in HackSpace Magazine may go beyond. It is your responsibility to understand the manufacturer's limits. HackSpace magazine is published monthly by Raspberry Pi Ltd, Maurice Wilkes Building, St. John's Innovation Park, Cowley Road, Cambridge, CB4 0DS, United Kingdom.
